CLEANING

EXPERTS IN CLEANING

ESPECIALLY FOR THE CLEANING INDUSTRY

One of the essentials for the successful operation of your cleaning service is laundry equipment. Increasing demands on hygiene and efficiency in floor cleaning, for example, require innovative and high-performance laundry products.

Since 1911, Primus has built a long tradition in designing and manufacturing laundry equipment according to our core values of 'quality without compromise' and 'extreme in innovation'.

Today, we are a world-leading manufacturer of industrial and professional washers, dryers and ironers that offer a complete laundry solution! Our products are known for their robustness, service-friendliness and long lifetime.

Especially for the cleaning industry, Primus has developed customised products with features that include: special mop and microfibre programmes, large drain valves, and more.

ONE STOP SUPPLIER

- Professional & commercial washers, dryers & ironers
- Customised products for **all cleaning segments**
